Respiratory Telehealth Empowers Staff

ARE YOU CONCERNED..

.. about 30-day **readmission penalties**? Would you like to take on more complex residents as **part of an ACO**? Are you in compliance with **regulation 483.65**?

rtNOW is a **turnkey respiratory therapy solution** that helps with all of the above.

Imagine a night shift where a resident is having respiratory distress. **Will they transfer the resident?**

Now imagine an experience respiratory therapist at the bedside with your nurse, at the **touch of a button.**
